# Driven by Innovation, a unique and original approach

## Not only...

We are able to create hundreds, thousands, millions, billions of unique URL Links.

We are able to provide Unique IDs, Unique URLs, Unique Tags (QR Code, NFC)

## ... But also

We are able to manage each link on the server side, on premise, or locally.

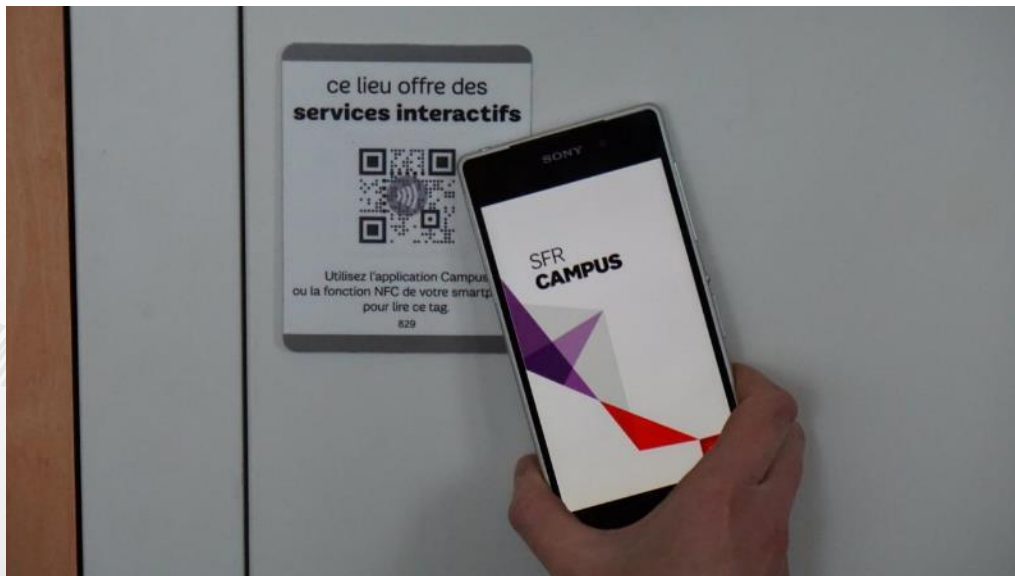

We are able to provide integrated solutions, software licences, algorithms, patent IP licences thru FRANCE BREVET

# NFC Stickers

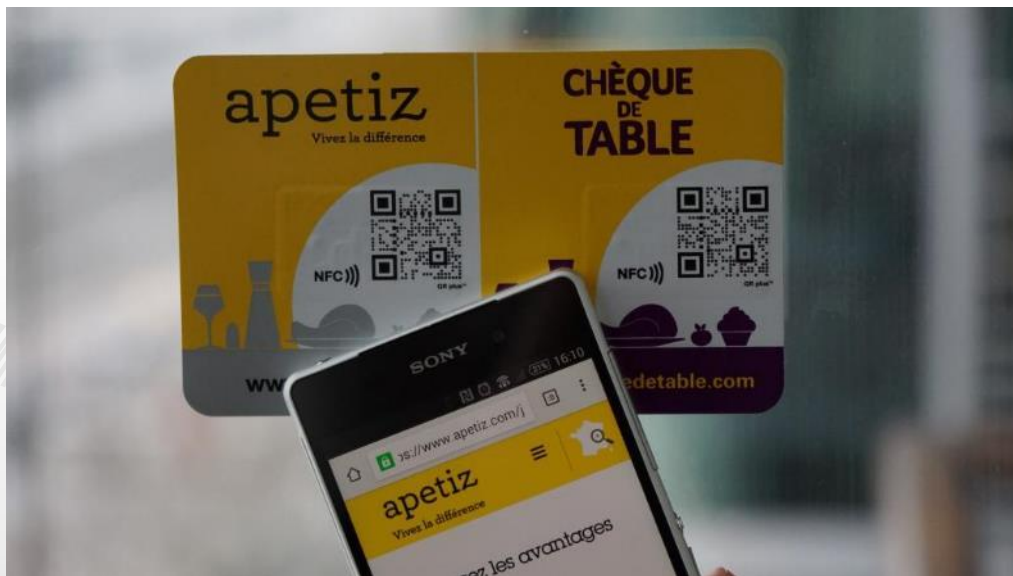

## 25 000 QR+ NFC tags

# NFC Window Stickers

## 225 000 QR+ NFC tags

FRANCE BREVETS

# Driven by Innovation, a unique and original approach

## Not only...

We do believe in Research and Development, Intellectual Properties

## ... But also

We are willing to share our IP with others, to be part of Norms, Standards and Best Practices – including Open Innovation.

## **Driven by Innovation, a unique and original approach**

### **Not only...**

We are able to create Unique URL links, either QR Code or NFC tag, to personalized and tailored content.

We are able to provide remotely on a distant machine such a MDM product information server

### **... But also**

We are able to create Unique IDentifiers that contains coded and cyphered information.

We are able to provide local information, or premises, without network required.
